## **THE TRUTH ABOUT COVID-19 / PART 1**

**Is This Real?**

**by tRB**

Dear Subscriber,

We are back and routing through Switzerland... big props for the land of chocolate! We've up the ante with our new email system and hired an html layout guru to make it look professional. Thanks to you, our subscriber-base has exploded within the past month, now with over 20k devotees such as yourself. We hope you like the new format... feedback is encouraged! Just click reply and let us know what we can do to improve even more.

So, are you keeping healthy, happy and virus-free? Speaking of that pesky virus...

This email is Part 1 in a three part series I am writing about COVID-19... the global pandemic that has incarcerated us all. What you are about to read will shake your world, but it's the hardened truth. Feel free to forward this to your friends... this is information which the MSM will NEVER voice on a broad scale.

### **PART 1 - THE TRUTH ABOUT COVID-19**

What if I were to tell you COVID-19 DID NOT originate from a wet-market in Wuhan, via someone stupid enough to eat bat (shit crazy) soup? What if I were to tell you that this virus was cataloged by the Chinese Institute of Military Medicine in early 2018? What if I told you that, upon doing a genome match (what is referred to as a BLAST) against the current viral pandemic COVID-19, not only does it go back to 2018, it's also a man-made "patch-work quilt" of multiple SARS (Severe Acute Respiratory Syndrome) strains a MERS (Middle East Respiratory Syndrome)? Please remember, both SARS and MERS are caused by a different variants of

coronaviruses. The plot thickens... but if you don't believe me, check it out yourself and go to the National Center for Biotechnology Information (NCBI) located at the National Library of Medicine (NLM) which is part of the National Institutes of Health (NIH) belonging to the US Government (GOV) below.

BLAST for COVID-19 genome sequencing trace and match: <https://www.ncbi.nlm.nih.gov/protein/AVP78033.1> (Click BLAST on the right of the page.)

Oh, and for you virologists, geneticists and molecular biologists in our subscriber base, chew on this: [https://www.ncbi.nlm.nih.gov/nuccore/MG772933.1#feature\\_MG772933.1](https://www.ncbi.nlm.nih.gov/nuccore/MG772933.1#feature_MG772933.1)  
This is the COVID-19 genome sequence - NOTE THE DATE AND AUTHORS NAMES!

So what does this mean? It means this bug did NOT raise its ugly head in December 2019 from a wet market in Wuhan. It also means that, when you look at all the viral genome fragments it contains, variants of everything from Hedgehog SARS to Ferret SARS, to MERS to even E. coli (yes, bacteria can carry viruses), it's a little too damn well planned and well thought of... too coincidental if you get my drift. *Capishe?*

A couple of things to keep in-mind. A virus is not living, but nor is it dead. It has no conscience. Just like a computer virus is not a complete operating system nor complete program application, a virus requires a host to both wreak havoc and multiply... and in the process, just as a computer virus can lock-up your computer, a biologic virus can kill its host. A virus is nothing but a chunk of invisible genetic

code that attaches (docks) to the surface of a cell, injects its code thus infecting the host's innate DNA to replicate like crazy. Think Hijacked! The high-jacked cell then churns-out more virus (non-docked virus particles known as "virons") to only do the same, repeat the cycle. In the end, it's a zero-sum game for both. Only one's immune system can save the host by killing infected cells and "disarming" the free-floating virons which are seeking healthy cells to infect.

So what does all this mean? I'm sure you can do the math. Why does the virus prey on the elderly or a person infirm? Here's something to think about:

The Gay Agenda

The Trans Agenda

The Gender Agenda

The Abortion Agenda

The Pedophile Agenda

The Legalized Drug Agenda

The Climate Change Agenda

And now, the Covid-19 Agenda

WHAT ARE THREE COMMON DENOMINATORS TO ALL OF THE ABOVE? POPULATION CONTROL, THE RADICAL LEFT AND GLOBALISM!

Ok, that was probably more than enough to digest for now... so now that I have ruined your day, I will close at this point.

In Part #2, I will share some of my own personal theories on why and if it is a true pandemic. Some are saying it is a black-hat op, some are saying it is a white-hat op to act as a shield for mass arrests and possibly implementing NESARA/GESARA like change. Do I think it's a pandemic? Do I think it's real? And most of all, is there anything you can do to protect yourself and your loved ones, especially grandma and grandpa? YES... THE ANSWERS FOR THAT I WILL PROVIDE IN PART #3 COMPLETE WITH HARD CORE SCIENCE AND ACTUAL STUDIES AS PROOF. As I like to say now, **"Those people are sick... but you don't have to be!"**

So, on that note.. please pass this email on... share it... encourage ANYONE to go to: <https://qmovement.org> to become an official subscriber. It is free and always will be... ***because Truth is Always More Important than Money.***

Thank you.... and remember, WWG1WGA.

ENJOY THE SHOW.
