MADE IN CHINA

- PROBLEM • REACTION • SOLUTION -

Dear Subscriber,

We hope you had wonderful and not too socially distant Holy Holiday with your family and loved ones. We might live in surreal times, but focus on family, they are our real purpose and meaning to continue the fight.

The age-old political strategy of **Problem-Reaction-Solution** is what is so obviously at play now. Can you see it? It is being sold and packaged to us as an invisible enemy, a microbe, a deadly virus specifically. However, COVID-19 is not the

real “invisible enemy” as often referred to by President Trump. The real invisible enemy is the psychological phenomenon of group-think, a mob-mentality that does not just control thought, but also behavior. Group-think is the antithesis of thinking. It is enemy of creativity and invention. Group-think is caged mental spoon-feeding... and what BETTER WAY to get the masses to park their brains at the door than by using the classic Problem-Reaction-Solution model.

Problem-Reaction-Solution is defined as the strategy of creating a crisis (the problem), waiting for a call for action to resolve the crisis (the reaction), then taking action (the solution), supposedly in response, which actually furthers a hidden agenda. This agenda is usually for increased power and control, with financial gain always an accompanying factor. Remember: power is money and money is power. But sadly, most are preoccupied, blind or just plain stupid to see the end-game in the nefarious Problem-Reaction-Solution model.

The internet age has redefined borders; they are no longer based on geographical boundaries defined by national governments, but that of ideology and systems of belief. (Note, I said “belief”, not “faith”. This is key.) The term “Deep State” is referring to an ideology. “Deep State” is an ideology of intellectual oppression and physical control with total domination as its ultimate goal. The model of Problem-Reaction-Solution is its delivery mechanism.

Listen to the two excerpts below taken from the W.H.O. Director General’s address on COVID-19 being politicized. Read in-between the lines. What is Dr. Tedros Adhanom actually implying? Expand your thinking.

China, the W.H.O., as well academia, Hollyweird and the lunatic-liberal-left, are all different mutations of this invisible enemy. They are pitching the same agenda, only in different flavors and packaging. If you watched the video above, perhaps you’ll want to watch it again after reading this. Then you’ll say, “I can see it.”

Stay safe and Be Well.
