WHERE DO YOU GET YOUR CONSCIOUSNESS FROM? - FROM PERCEPTIONS COMES BEHAVIOR -

Something to Think About

by rTB

Dear Subscriber,

General Flynn is free... we told you so! So, ask yourself this... what was the total/general media narrative prior? They (MSM) said he was a traitor... a Russian puppet, a liar, etc., etc., etc... all ultimately to bring down a duly-elect, by the People, President. This was the mainstream narrative. This became our perception and thus the "reality" of most Americans. IT WAS **VIRTUAL** REALITY.

So this brings me to the following questions... where does YOUR reality come from? Is your reality reality virtual reality? A person's reality IS subjective and thus relative. Subjective reality comes from perceptions (programming/mind-control) of information input, especially input flooded upon us subliminally and subconsciously. I call it, "the Shadow Narrative". It is the black-magic of the 4am Mockingbird talking points.

Your behavior, your output, comes from your perceptions... you become a mouthpiece of this virtual reality... and in-turn, your output fans the flames for others... becoming their input... programming their perceptions... becoming their reality(virtual) of which they live and function within... and the cycle thus repeats. In other words... a false narrative becomes a virus. Did I lose you?

I have lost friends and have been laughed at by family when I said years ago, "Gen. Flynn is innocent... he will be exonerated and the FBI will be found as a dirty, corrupt department". Now, they bury their heads in the sand.... not because I was right, not because they were wrong... but it because they were duped.

In closing, I leave you with a brief 4 minute video.

Be awake... not woke.
